## TECHNICAL DATA

Coverage	Depends on the cleaning need of the surface.
Can sizes	1 l and 5 l.
Thinner	Water
Mixing ratio	Dilute Mould Removal with water, mixing ratio 1:3.
Application method	Spray, sponge or brush
Density	approximately 1.1 kg/l, ISO 2811
Storage	Protect from frost.
Product code	006_1905

---

## APPLICATION DETAILS

Protection	Protect glass, aluminium or other surfaces which can be damaged by the effect of the product. Avoid splashes to the clothes and for example to untreated furniture. The product is bleaching. , Apply the diluted mixture on mould effected exterior surface with sponge, smooth brush or for larger areas more efficiently with garden spray from the bottom upwards to avoid possible streaks. Streaks may occur if the work is done in the opposite direction. Let the solution act for about half an hour. The solution may affect longer if the substrate is very moldy. Use brush, if necessary. After the treatment rinse the surfaces carefully with clean water, from above downwards, e.g. with spray. and Prime the untreated wooden surface as soon as the surface gets dry with Valtti Base before finishing. Take care of the maintenance painting for previously painted surfaces.
Cleaning of tools	Clean tools with water.

---

HEALTH AND SAFETY LABELLING according to Regulation (EC) No. 1272/2008	Contains: Sodium hypochlorite, sodium hydroxide Causes severe burns. Very toxic to aquatic organisms. Wear suitable protective clothing, gloves and eye/face protection. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
